DETAILED ACTION

Continued Prosecution Application

The request filed on 11-26-02 for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/439,293 is acceptable and a CPA has been established. An action on the CPA follows.

Claims 1, 3-8, 10-15, 17-19, 21 and 22 are pending in the instant application.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Response to Arguments

Maintained Rejections

Claims 1, 3-8, 10-15, 17-19, 21 and 22 are rejected under 35 U.S.C. 112, first paragraph, for the reasons of record set forth in the Office action mailed April 24, 2000, January 18, 2001 and October 10, 2002. Paper Nos. 5, 12 and 17, respectively.

No new arguments have been made addressing the instant rejection of record.

Claims 1, 3-8, 10-15, 17-19, 21 and 22 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ichikawa et al in view of Milner et al, the combination in view of Liu et al and

Art Unit: 1635

Lucci et al insofar as the claims are drawn to the compositions and methods for reversing drug resistance and inducing apoptosis in a target cell in vitro comprising the administration of an antisense oligonucleotide which targets and inhibits the expression of a nucleic acid encoding glucosylceramide synthase and optionally additionally administering a chemosensitizer or chemotherapeutic agent to the target cell in vitro, for the reasons of record set forth in the Office action mailed October 10, 2002, Paper No. 17.

No arguments have been presented which address the instant rejection.

Conclusion

This is a CPA of applicant's earlier Application No. 09/439,293. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR

Art Unit: 1635

1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
